Waitlist Policy

Children are placed on the waiting list based on the date the application is received. Priority consideration is given to siblings of currently enrolled families and to children of KKLC team members. KKLC may be unable to meet the start date requested on the application.

To remain active on the waiting list, families must provide an update at least once every three months. Due to the high volume of inquiries, it is the family's responsibility to maintain regular communication. Applications without updates will be removed from the list.

Commitment to Fair Enrollment Practices

KKLC is committed to providing a non-biased, transparent, and equitable enrollment process. Enrollment decisions are based solely on the child's age, developmental needs, available space, and the center's ability to provide a safe, supportive, and inclusive environment.
